

Identify Circle Parts

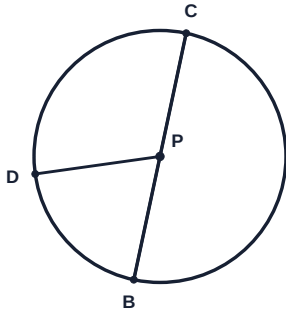

For each diagram, name the circle, any drawn radius, and a diameter.

Identify circle parts

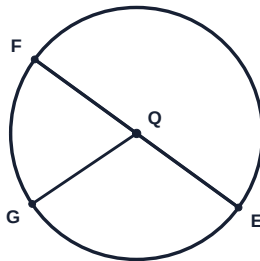

1. Name the circle, any drawn radius, and a diameter.

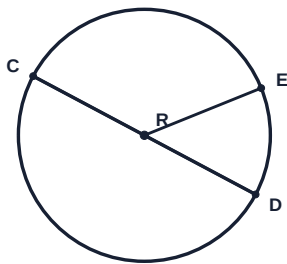

2. Name the circle, any drawn radius, and a diameter.

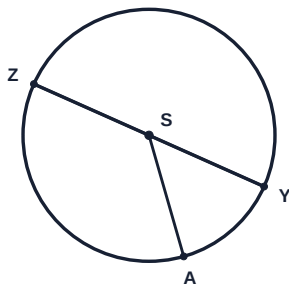

3. Name the circle, any drawn radius, and a diameter.

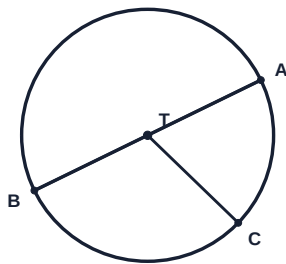

4. Name the circle, any drawn radius, and a diameter.

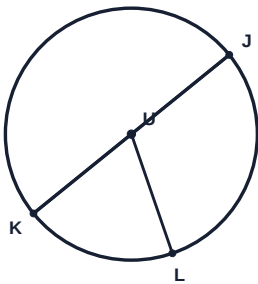

5. Name the circle, any drawn radius, and a diameter.

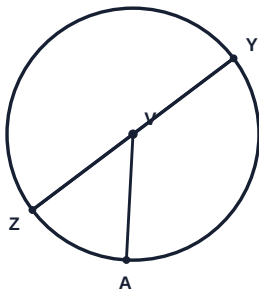

6. Name the circle, any drawn radius, and a diameter.

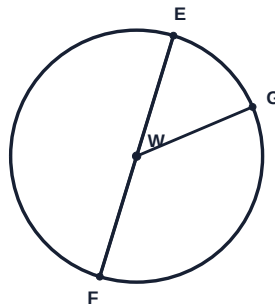

7. Name the circle, any drawn radius, and a diameter.

8. Name the circle, any drawn radius, and a diameter.

9. Name the circle, any drawn radius, and a diameter.

Identify Circle Parts

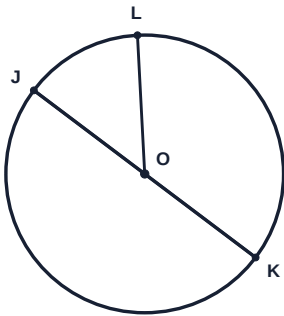

Worked Answer Key

For each diagram, name the circle, any drawn radius, and a diameter.

Solutions

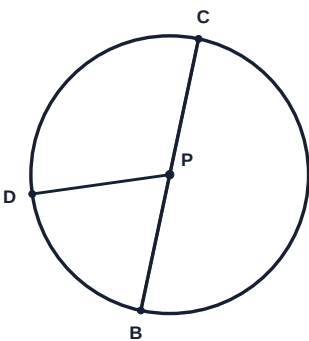

1. Name the circle, any drawn radius, and a diameter.

Circle O; radii OJ, JO, OK, KO, OL, LO; diameter JK or KJ.

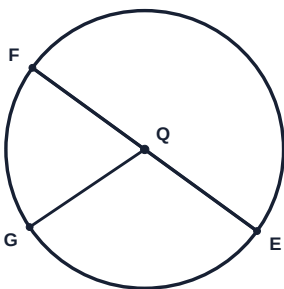

2. Name the circle, any drawn radius, and a diameter.

Circle P; radii PB, BP, PC, CP, PD, DP; diameter BC or CB.

3. Name the circle, any drawn radius, and a diameter.

Circle Q; radii QE, EQ, QF, FQ, QG, GQ; diameter EF or FE.

Identify Circle Parts

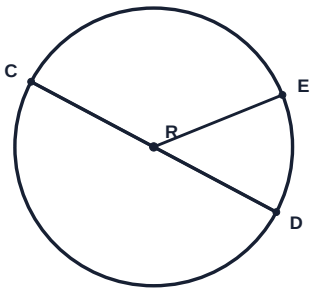

Worked Answer Key

For each diagram, name the circle, any drawn radius, and a diameter.

Solutions

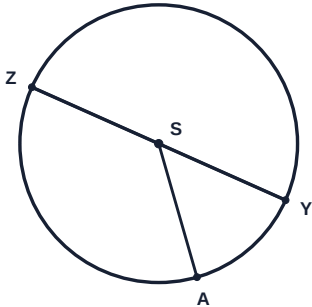

4. Name the circle, any drawn radius, and a diameter.

Circle R; radii RC, CR, RD, DR, RE, ER; diameter CD or DC.

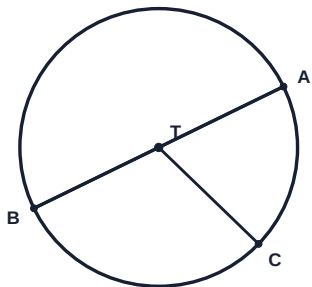

5. Name the circle, any drawn radius, and a diameter.

Circle S; radii SY, YS, SZ, ZS, SA, AS; diameter YZ or ZY.

6. Name the circle, any drawn radius, and a diameter.

Circle T; radii TA, AT, TB, BT, TC, CT; diameter AB or BA.

Identify Circle Parts

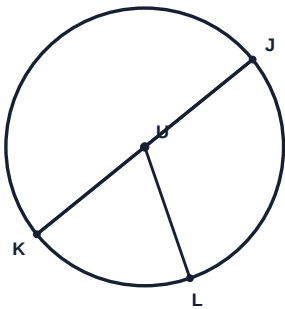

Worked Answer Key

For each diagram, name the circle, any drawn radius, and a diameter.

Solutions

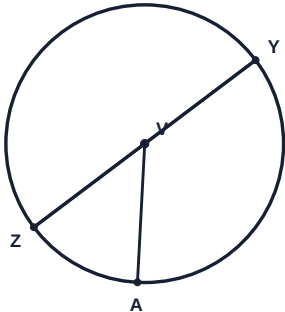

7. Name the circle, any drawn radius, and a diameter.

Circle U; radii UJ, JU, UK, KU, UL, LU; diameter JK or KJ.

8. Name the circle, any drawn radius, and a diameter.

Circle V; radii VY, YV, VZ, ZV, VA, AV; diameter YZ or ZY.

9. Name the circle, any drawn radius, and a diameter.

Circle W; radii WE, EW, WF, FW, WG, GW; diameter EF or FE.
