Count Cayman Islands Coins — Answer Key

Count the schematic Cayman Islands coin teaching tokens and write the exact KYD total in dollars and cents. CI\$1 is worth 100 cents. Coin circles are illustrative; the 2026 coin series is in staged rollout and earlier coins remain legal tender.

1. Count every teaching item.

KYD 0.95
 $3 \times 10c = \text{KYD } 0.30$

$5 \times 1c = \text{KYD } 0.05$
 $2 \times 25c = \text{KYD } 0.50$

$2 \times 5c = \text{KYD } 0.10$

2. Count every teaching item.

KYD 1.14
 $1 \times 10c = \text{KYD } 0.10$

$4 \times 1c = \text{KYD } 0.04$
 $3 \times 25c = \text{KYD } 0.75$

$5 \times 5c = \text{KYD } 0.25$
