Count Danish Banknotes

Count the schematic Danish krone banknote teaching tokens and write the exact DKK total. The 1000-kroner option is historical and no longer legal tender; neutral pale-grey notes use 2009-series proportions without suggesting real-note recognition.

1. Count every teaching item.

DKK _____

2. Count every teaching item.

Count Danish Banknotes — Answer Key

Count the schematic Danish krone banknote teaching tokens and write the exact DKK total. The 1000-kroner option is historical and no longer legal tender; neutral pale-grey notes use 2009-series proportions without suggesting real-note recognition.

1. Count every teaching item.

DKK 1,100.00
 $2 \times 200 = \text{DKK } 400.00$

$2 \times 50 = \text{DKK } 100.00$
 $1 \times 500 = \text{DKK } 500.00$

$1 \times 100 = \text{DKK } 100.00$

2. Count every teaching item.

DKK 1,950.00
 $1 \times 200 = \text{DKK } 200.00$

$3 \times 50 = \text{DKK } 150.00$
 $3 \times 500 = \text{DKK } 1,500.00$

$1 \times 100 = \text{DKK } 100.00$
