Name _____ Score _____ / 12 Teacher _____ Date _____

Subtract with dot figures

Use the structured dots to solve. The larger number comes first.

1. Use the dot figures to solve.

4 -

0 =

2. Use the dot figures to solve.

5 -

4 =

3. Use the dot figures to solve.

3 -

2 =

4. Use the dot figures to solve.

5 -

2 =

5. Use the dot figures to solve.

3 -

3 =

6. Use the dot figures to solve.

3 -

0 =

Subtract with dot figures

Use the structured dots to solve. The larger number comes first.

7. Use the dot figures to solve.

5 -

0 =

8. Use the dot figures to solve.

4 -

1 =

9. Use the dot figures to solve.

2 -

2 =

10. Use the dot figures to solve.

4 -

1 =

11. Use the dot figures to solve.

4 -

0 =

12. Use the dot figures to solve.

5 -

5 =

Subtract with dot figures - Answer key

Use the structured dots to solve. The larger number comes first.

1. Use the dot figures to solve.

4 -

0 =

4

2. Use the dot figures to solve.

5 -

4 =

1

3. Use the dot figures to solve.

3 -

2 =

1

4. Use the dot figures to solve.

5 -

2 =

3

5. Use the dot figures to solve.

3 -

3 =

0

6. Use the dot figures to solve.

3 -

0 =

3

Subtract with dot figures - Answer key

Use the structured dots to solve. The larger number comes first.

7. Use the dot figures to solve.

5 -

0 =

5

8. Use the dot figures to solve.

4 -

1 =

3

9. Use the dot figures to solve.

2 -

2 =

0

10. Use the dot figures to solve.

4 -

1 =

3

11. Use the dot figures to solve.

4 -

0 =

4

12. Use the dot figures to solve.

5 -
